Formal Public Comment – City Council Agenda Protocol

The City of Garden City has identified this portion of the meeting to allow individuals an opportunity to formally address the City Council on issues of importance. Garden City requires that individuals who desire to formally address the City Council submit a written request form outlining the subject matter that they intend to discuss so that they can be placed on the meeting agenda. Members of the public desiring to be placed on the agenda to present or address matters to the City Council must submit a formal ***“REQUEST TO BE PLACED ON THE CITY COUNCIL AGENDA”*** form to the Office of the City Manager at least 10 days prior to the requested City Council meeting date that you wish to speak. City Council meetings are held on the first and third Monday of each month so the request must be submitted no later than 5:00 pm on the Friday which constitutes 10 days prior. The request can be done in person, regular mail, fax or e-mail and the speaker should obtain acknowledgement of the request from the City to demonstrate that the 10 day requirement has been met. The request form may be obtained from the Office of the City Manager and on the City’s website www.gardencity-ga.gov. The request should state the name of the individual(s) desiring to be heard and the subject matter to be presented to City Council. Requests may be referred at the discretion of the City Manager, to appropriate staff for mediation prior to being placed on the public agenda. Please be advised the completion of a request form does not entitle the speaker to be added to the agenda.

➤ RECEIPT OF INFORMAL PUBLIC COMMENT

Procedure: To best manage this meeting section, any person who desires to address the City Council must sign up using the process outlined on the website where this meeting is advertised. Once recognized by the Mayor, the person will be allowed to speak in accordance with the Informal Public Comment–Speaker Protocols outlined below.

Informal Public Comment – Speaker Protocol

The City of Garden City believes that any member of the general public should be afforded the opportunity to address the City Council provided that designated rules are followed by the speaker. Any member of the public who wishes to address the City Council and offer public comment on items within the City Council's jurisdiction, may do so during the Informal Public Comment period of the meeting. However, no formal action will be taken on matters that are not part of the posted agenda. Informal Public Comments are scheduled for a total of fifteen (15) minutes and each person will be limited to three (3) minutes. In order to ensure the opportunity for all those desiring to speak before the Council, there is no yielding of time to another speaker. Speakers not heard during the limited fifteen (15) minute period will be first to present their comments at the next Council meeting. The opportunity to address City Council on a topic of his/her choice shall be used by an individual only one (1) time per month. It may not be used to continue discussion on an agenda item that has already been held as a public hearing. Matters under negotiation, litigation, or related to personnel will not be discussed. If a member of the general public would like to address the City Council during the Informal Public Comment portion of the meeting, please respectfully indicate your desire to address the City Council when the Mayor solicits members of the general public to come forward and speak. You will be recognized by the Mayor and asked to come forward to the podium so that you can address the City Council in accordance with the rules outlined herein. Once the speaker has been recognized to speak, he/she will be given three (3) minutes to address the City Council. The speaker should not attempt to engage the City Council and/or Staff in a discussion/dialogue and the speaker should not ask specific questions with the expectation that an immediate answer will be provided as part of the three (3) minute time frame since that is not the intent of the Informal Public Comment period. If the speaker poses a question or makes a request of the City, the Mayor may refer the issue or request to the City Manager for follow up. At the conclusion of the three (3) minute time period, the speaker will be notified that his/her time has elapsed and the next speaker will be recognized to come forward to the podium and address the City Council. The Mayor may rule out of order any Speaker who uses abusive or indecorous language, if the subject matter does not pertain to the City of Garden City, or if the Speaker(s) attempts to engage the City Council Members in a discussion or dialogue on issues. City Council shall not discuss non-agendized matters because it does not give the public adequate notice. Accordingly, City Council shall be limited to asking factual and clarifying questions of staff, and when appropriate, the Council may consider placing a matter on a future agenda. In addition, it is not reasonable to expect staff to respond to any of a variety of issues on which they may or may not be prepared to respond to on a moment's notice, so the City Manager may respond, or direct staff to respond at a later time.

Speaking to a Public Hearing Item Protocol

In the interests of time and to ensure fairness of all persons who appear before the City Council to speak for or against a public hearing item, speakers will be limited to three (3) minutes each to address City Council except as described herein. One speaker for the Petitioner may address the City Council for no more than 10 minutes, unless extended by the Mayor. In an effort help the City Council and the general public to better understand the issues, the Mayor may request that a City staff member address the City Council from the podium. Speakers from the general public may only speak when recognized by the Mayor during the public hearing. Speakers will be asked to come to the podium to address the City Council for three (3) minutes and they shall state their name and resident address for the record.

Speakers addressing City Council on a public hearing item should coordinate comments to respect City Council's time limits. Groups should select a spokesperson to present the major points that summarize their position and opinions. Speakers are urged to be brief and non-repetitive with their comments. Comments shall specifically address the public hearing item before the City Council, and the speaker shall maintain appropriate tone and decorum when addressing the City Council. City Council may ask questions of the applicant, speakers, or staff during these proceedings only for the purpose of clarifying information. The speaker shall not direct derogatory comments to any individual, organization, or business. At the conclusion of the three (3) minute time period, the speaker will be notified that his/her time has elapsed, and the next speaker will be recognized to come forward to the podium and address the City Council. Once the public hearing is closed on an item, there will be no further opportunity for formal or informal public input at a City Council meeting.

- (3) Could traffic created by the proposed use or other uses permissible under the zoning sought traverse established single-family neighborhoods on minor streets, leading to congestion, noise, and traffic hazards?
- (4) Will this request place irreversible limitations or cause material detriment on the area similarly zoned as it is or on future plans for it?
- (5) Is there an imminent need for the rezoning and is the property likely to be used for the use requested?
- (6) Would the proposed use precipitate similar requests which would generate or accelerate adverse land use changes in the zone or neighborhood?

GENERAL INFORMATION

Project Description: General office/warehouse and cross-dock facility for SAIA LTL Freight with ancillary truck and trailer parking.

FINDINGS:

Staff has determined this application is complete and contains all the required information. In conformance with the City of Garden City Zoning Ordinance Section 90-201(c), the following factors are to be considered for a rezoning request:

1. *Is this request a logical extension of a zoning boundary which would improve the pattern of uses in the general area?*

This property is located on the border of the City of Garden City with unincorporated Chatham County. Adjacent parcel uses and zoning:
North – Salt Creek Boat Ramp and Park and Progressive Recreation Center (across US Hwy 17) – zoned C-1;
South: undeveloped, R-A (unincorporated Chatham County);

East – truck terminal, zoned I-1 and undeveloped, zoned R-A (unincorporated Chatham County);

West – Salt Creek, zoned R-A (unincorporated Chatham County).

2. *Is this spot zoning and generally unrelated to either existing zoning or the pattern of development of the area?*

Within the city limits of Garden City, several other small, industrially zoned properties are located to the east. These properties are not contiguous to the subject properties. The majority of the properties along US 17/Ogeechee Road in Garden City are zoned commercial.

3. *Could traffic created by the proposed use or other uses permissible under the zoning sought traverse established single-family neighborhoods on minor streets, leading to congestion, noise and traffic hazards?*

The subject property is located on US 17/Ogeechee Road just east of Dean Forest Road. While it is not anticipated that traffic on residential streets will be impacted, the ingress/egress will be across the street from Salt Creek Boat Ramp and Park and the Progressive Recreation Center. US 17/Ogeechee Road is a four-lane highway with a center, dual-left turn lane. Trucks leaving the site to access Dean Forest Road, the Georgia Ports Authority, and I-16 will make a left turn across US 17, which is of particular concern.

4. *Will this request place irreversible limitations or cause material detriment on the area similarly zoned as it is or on future plans for it?*

This property is located directly across from the Chatham County Park and Boat Ramp, which is the only boat ramp in Garden City and includes a community park with a pavilion, picnic tables, and playground. This is also a major gateway into Garden City for travelers heading north on US 17/Ogeechee Road. Two of the adjacent properties are also zoned as residential-agricultural. Rezoning of these properties to industrial could have a detrimental impact on the area.

5. *Is there an imminent need for the rezoning and is the property likely to be used for the use requested?*

The property, if rezoned, would likely be viable for a warehouse facility, particularly close to the Savannah Port of the Georgia Ports Authority.

6. *Would the proposed use precipitate similar requests which would generate or accelerate adverse land use changes in the zone or neighborhood?*

The rezoning of this property could increase pressure on the additional in the vicinity to petition for industrial zoning.

7. *Such other matters as the Planning Commission deems relevant.*

This rezoning request is not consistent with the Comprehensive Plan. The Future Land Use Map indicates this area as Commercial.

ACTIONS

The Planning Commission shall take one of the following formal actions:

- i. *Recommend approval* of the proposed zoning decision as presented;
- ii. *Recommend approval* of the proposed zoning decision with modifications or conditions;
- iii. *Defer action of the proposed zoning decision* upon motion of the Planning Commission or at the request of the applicant. The applicant may revise the proposal based on the comments at the meeting and resubmit it for formal action at a future meeting; or
- iv. *Recommend denial* of the proposed zoning decision.

RECOMMENDATION

Denial of the rezoning request from Heavy Commercial (C-2) and Residential-Agriculture (R-A) to Industrial (I-1).

RECOMMENDED MOTION

I move to recommend the **denial** of rezoning application PC 3-24-1077 to the City Council.

Note:

Approval, if granted, by the Planning Commission only constitutes the initial step in the overall process and additional requirements still must be met prior to commencement of any construction activities. The Petitioner should note that final approval of the site plan will require City staff approval of the detailed engineering plans for the project through the City's standard process and a Land Disturbance Activity (LDA) Permit must be issued prior to construction. The Petitioner should also note that final approval of the site architectural plans will require City staff approval via its standard process and a building permit must be issued before vertical construction shall commence.

From: Denise R. Grabowski, AICP, LEED AP, Planning Manager Consultant
Date: March 4, 2024
Re: PC 2325 – Zoning Text Amendment – Chapter 90, Article VI, Sec. 90-174.

City Council enacted a six-month moratorium on the issuance of permits for new outdoor advertising or separate-use signs within the city limits on September 18, 2023. At the February 20, 2024, City Council meeting, this moratorium was extended to April 15, 2024. A copy of the resolution is included for reference.

The City Attorney has prepared the following text amendment for review and consideration by the Planning Commission.

Summary of changes:

- Revised zoning districts to heavy commercial (C-2) or industrial (I-1 and I-2);
- Revised size from 480 square feet with dimensions not exceeding 12 feet in height or 42 feet in width to 382 square feet with dimensions not exceeding 10.5 feet in height or 36 feet in width;
- Limit outdoor advertising or separate-use signs to state or federal highways;
- Revised required separation between signs from 1000 feet to 1500 feet;
- Limits the total number of outdoor advertising or separate use signs with the City to fifty-five (55). There are currently 48 outdoor advertising or separate-use signs;
- Modifies the required distance of an outdoor advertising or separate-use signs from intersections from 150' to 400'; from a church, school, cemetery, public park from 200' to 1000'; from residentially zoned areas from 100' to 1000';
- Prohibits outdoor advertising or separate use signs on a building wall or roof;
- Modifies the required distance between LED signs from 2,500 feet to 5,000 feet;
- Adds a maximum number of LED signs, with a provision for the conversion of existing nonconforming signs to LED signs; and,
- Adds criteria for the consideration of outdoor advertising and separate use signs by the Planning Commission;

The current ordinance also is attached for your reference.

RESOLUTION

A RESOLUTION IMPOSING A MORATORIUM ON THE ISSUANCE OF SIGN PERMITS FOR OUTDOOR ADVERTISING OR SEPARATE USE SIGNS WITHIN GARDEN CITY, GEORGIA, FOR SIX MONTHS; TO PROVIDE FOR EXCEPTIONS; TO ESTABLISH AN EFFECTIVE DATE; AND FOR OTHER PURPOSES.

WHEREAS, a number of outdoor advertising or separate use signs are currently located in Garden City and the Mayor and Council are concerned about the potential impacts that such signs may create that would be detrimental to the public health, safety and general welfare of the residents of the City; and,

WHEREAS, there is a possibility that the City could, in the near future, receive more applications for outdoor advertising or separate use signs that would significantly increase the number of such signs located within the City; and,

WHEREAS, the Garden City Code of Ordinances relating to outdoor advertising or separate use signs may not adequately address the various impacts that these uses present, and the protection of the public health, safety, and general welfare would be jeopardized by the installation of new outdoor advertising or separate use signs prior to a review of the matter and possible adoption of new regulations by the Mayor and Council; and,

WHEREAS, the City would be well served if it more fully addressed and understood the potential impacts in the form of health, safety, economic, hazards to safety, and the aesthetics impacts these signs impose upon neighboring properties and the community as a whole; and,

WHEREAS, the City needs time to review existing information on the affects of these signs and to review the Garden City Code of Ordinances in a comprehensive fashion to determine whether it officially addresses the impacts of such uses; and,

WHEREAS, the Mayor and Council understand that communication displayed by outdoor advertising or separate use signs may be protected by the First Amendment of the United States Constitution and/or the Georgia Constitution, and that by passing this resolution, the Mayor and Council do not intend to impermissibly infringe upon any protective free speech rights; and,

WHEREAS, the purpose of this moratorium is to provide time in which the Mayor and Council may study its existing code, ordinances, and the impacts of such usage, during this moratorium; to determine whether any additional reasonable regulation is necessary to mitigate the impacts; and to prepare for the adoption of permissible restrictions to regulate such uses.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council and it is hereby established as follows:

SECTION 1. A moratorium is hereby declared on the issuance of permits for new outdoor advertising or separate use signs within the city limits of Garden City, Georgia, for a period of six (6) months. The purpose of this moratorium is to provide the City's planning staff and consultants

a reasonable opportunity to review the City's Code of Ordinances relating to outdoor advertising or separate use signs and make any necessary revisions thereto.

SECTION 2. During the period of this moratorium, no permits for outdoor advertising or separate use signs shall be issued; provided, however, this moratorium shall not apply to nor affect the issuance of permits based on complete applications meeting the standards of the City's Code of Ordinances and submitted to the City prior to the effective date of this moratorium; nor shall it apply to or affect renovations or repairs to existing sign structures; nor shall it apply to or affect the replacement of sign panels on existing sign structures.

SECTION 3. Except as provided herein, all zoning and development ordinances of the City shall remain in full force and effect.

SECTION 4. Any person desiring to erect a new outdoor advertising or separate use signs in the City may make application under the standards of the existing ordinance and discuss the same with the City staff during the period of the moratorium; provided such person recognizes that final approval of such sign shall only be given following expiration of the moratorium for signs in compliance with the Garden City Code of Ordinances as modified by any newly enacted regulations resulting from said moratorium.

SECTION 5. This resolution shall become effective at midnight on September 18, 2023. The moratorium imposed by this resolution shall expire at midnight on March 18, 2024, unless the moratorium is shortened or extended by action of Mayor and Council or until the effective date of any ordinance establishing new regulations governing outdoor advertising or separate use signs, whichever occurs first.

SECTION 6. If any section, sub-section, paragraph, sentence, clause, or phrase of this resolution is declared unconstitutional or invalid for any reason, such decision shall not affect the validity of the remaining portions of this resolution.

SECTION 7. All resolutions and ordinances, or portions thereof in conflict with the foregoing are hereby suspended, but not repealed, by virtue of this moratorium.

- (1) An outdoor advertising or separate use sign may be located on any property located in a heavy commercial (C-2) or industrial (I-1 and I-2) zoning district in addition to any other freestanding signs authorized by this Article so long as such sign complies with the pertinent provisions of the Garden City Code of Ordinances.

The foundation shall be designed to carry the weight and wind load of the sign, in the soil which it is placed. The sign's pole and supporting apparatus shall be fabricated only from painted or galvanized steel or metal. No portion of the supporting structure for the sign shall be visible above the advertising display area.
- (12) Extrusions beyond the face of any outdoor advertising or separate use sign, excluding aprons, are prohibited.

 - a. Such signs shall contain static messages only, and shall not have movement or flashing on any part of the sign structure, design, or pictorial segment of the sign; nor shall such sign have varying light intensities during the display of any single message.
 - b. Each display on an electronic changeable message LED sign shall remain fixed for at least ten seconds.

- g. The owner of a LED outdoor advertising or separate use sign shall arrange for an annual certification of the lumens showing compliance by an independent contractor and provide said certification to the City.
- h. Each sign must have a light sensing device that will adjust the brightness of the display as the natural ambient light conditions change.

1. The owner of said LED outdoor advertising or separate use sign shall provide the City of Garden City contact information for a person who is available to be contacted at any time and who is able to turn off the electronic sign promptly after a malfunctioning occurs. If, at any time more than 95% of the LED display lights malfunction or are no longer working, the owner of said LED sign shall make repairs to the sign within sixty (60) days or the sign will require removal.
- m. If the City of Garden City finds that the LED outdoor advertising or separate use sign causes a glare or otherwise impairs the vision of the driver of a motor vehicle, the owner of the sign, within twenty-four (24) hours of a request by the City, shall reduce the intensity of the sign to a level acceptable to the City.
- n. Each sign must comply with all Georgia Department of Transportation rules and regulations applicable to electronic changeable message signs which do not conflict with this Article.
- o. Effective _____, 2024, no more than three (3) LED outdoor advertising or separate use signs shall be erected or converted in the City. Notwithstanding, one (1) new LED outdoor advertising or separate use sign will be permitted when the number of existing nonconforming outdoor advertising or separate use signs that correspond to a ratio is removed, unless provided herein. The ratio shall be 2.5 square feet of existing nonconforming outdoor advertising or separate use sign face space for every 1.0 square foot of LED outdoor advertising or separate use

sign face to be erected. Nonconformity shall be determined by the applicable sections of this Ordinance.

- (16) No variance shall be granted for billboard areas or billboard distance separation.
- (17) The potential impacts of an outdoor advertising and separate use signs are significant given the size and height of such structures. It is in the best interest of the City to adopt criteria for assessing such impacts. Accordingly, an outdoor advertising or separate use sign shall be subject to approval by the Planning Commission which shall be guided by the following factors in determining whether approval of an application for an outdoor advertising or separate use sign is appropriate:
 - a. Whether the size of the lot is sufficient to allow compliance with all setbacks considering the relationship of the proposed outdoor advertising or separate use sign to adjacent lots and development patterns in the area;
 - b. The impact the proposed outdoor advertising or separate use sign may have on the view of noteworthy features of the landscape as viewed by motorists and adjacent property owners, and the aesthetic impact on surrounding properties;
 - c. The effect the proposed outdoor advertising or separate use sign may have on traffic safety;
 - d. Any accompanying or unique feature of the proposed outdoor advertising or separate use sign, including plans for lighting and landscaping; and,
 - e. Any other factor related to the suitability of the proposed outdoor advertising or separate use sign for the proposed site, including any conditions or limitations proposed by the applicant.
 - f. Notwithstanding the above criteria, the content of an outdoor advertising or separate use sign shall

not be among the factors considered by the Planning Commission in deciding an application to erect such a sign.

- (18) Each outdoor advertising or separate use sign shall have attached thereto a legend identifying the agent or agency responsible for the erection and maintenance of such sign. Such legend shall set forth the permit number issued by the City for such sign.
- (19) Every outdoor advertising and separate use sign, including its supports, braces, guys, and anchors, shall be maintained in a safe, presentable, and good structural material condition at all times, which includes the repair or replacement of defective parts, painting, repainting, cleaning, and other acts required for the maintenance of said sign. The surrounding premises of each sign shall be maintained in a clean, sanitary, and inoffensive condition, and free and clear of all obnoxious substances, rubbish, and weeds.
- (20) The advertising or copy area shall be replaced periodically to maintain good appearance. When the sign displays no advertising copy, its face shall continue to have a tight, closed, or solid surface concealing the sign's supporting apparatus, and shall be of a uniform color.”

Section 2. This Ordinance and its parts are declared to be severable. If any section, subsection, clause, sentence, word, provision, or portion of this Ordinance is declared invalid or unconstitutional by a court of competent jurisdiction, this decision shall not affect the validity of the Ordinance as a whole. All parts of the Ordinance not declared invalid or unconstitutional shall remain in full force and effect as if such portion so declared or adjudged unconstitutional or invalid were not originally part of the Ordinance, even if the surviving parts of the Ordinance result in greater restrictions after any unconstitutional or invalid provisions are stricken. The City Council declares that it would have enacted the remaining parts of the Ordinance if it had known that such portion thereof would be declared or adjudged unconstitutional or invalid. The City Council declares its intent that should this Ordinance be declared in part or in whole unconstitutional or invalid, signs are to be subject to regulations applicable to “structures” contained in the Zoning Ordinance. If any part of this Ordinance is found to be in conflict with any other Ordinance or with any other part of this Ordinance, the most restrictive or highest

standard shall prevail. If any part of this Ordinance is explicitly prohibited by federal or state statute, that part shall not be enforced.

Section 3. This ordinance shall become effective on the date of passage.

Section 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SYNOPSIS

City Council Workshop Monday, April 8, 2024 – 5:30 p.m.

Call to Order: Mayor Campbell called the workshop to order at approximately 5:30pm and led with a prayer.

Attendees:

Council Members: Mayor Bruce Campbell, Mayor Pro-tem Marcia Daniel, Councilmember Gwyn Hall, Councilmember Richard Lassiter Jr. Councilmember Debbie Ruiz, Councilmember Natalyn Morris, and Councilmember Kim Tice.

Staff Members: Rhonda Ferrell- Bowles, Interim City Manager, James P. Gerard, City Attorney, Yolanda Irizarry, HR Director, Gil Ballard, Chief of Police, Mike Dick, Fire Chief, Robert Wellmaker, Building Inspector, Jonathan Trego, Code Enforcement, Marth Vallada, Water Operations Mgr., Virgil Moore, Public Works Mgr., Dagny Pariani, Wastewater/Water Treatment Manager, Andrew Guzman, IT Technician, Katie Draeger, Finance Manager, and Veronica Enoch, Executive Assistant.

Konter Development Agreement: The Interim City Mgr. reviewed the current draft development agreement and fees for the proposed multi-family development located at 2779 U.S. Hwy 80. The purchase price is \$1,904,000. Konter also purchased .73-acre lot located in the rear for \$300,000. In the development agreement, fees were capped at \$150,000.00 by the former City Manager; however, the total fees for permits, inspections, plan reviews, water & sewer, etc. all come to \$541,807.00. She then went on to propose several options for working with Konter given the \$150k price reduction offer. One option would be the following: total development fees of 541,807, the proposed fee waiver incentive is 391,807, and Konter would be only paying \$150,000.

Councilmember Daniel asked if the 2nd lot was purchased from Garden City. Per the Interim City Mgr., it was not. It was purchased from an individual.

Full cost of lot as credit at \$300,000, Konter would be paying \$241,807.00. If you decided on ½ the cost of the lot with credit of 150k, they would be paying \$391,807.00. Other options or examples provided were based on percentages.

Councilmember Ruiz wanted to know if Konter was not going to build if we did not honor the \$150,000 conveyed by Scott. Rhonda stated that they appeared to be pretty adamant to what was promised.

Councilmember Daniel asked for background on where the \$150,000 came from. The Interim City Mgr. shared that there is an email discussion from Scott, (former City Manager) to Konter offering to cap all fees at the \$150,000. She also stated that the former City Mgr. had asked the Building Inspector, Robert Wellmaker to provide an estimate with preliminary numbers which totaled around \$327,000 or

\$329,000 without all fees included. The inspector later met with Konter to come up with more accurate numbers to the total of 541,807.

Mayor Campbell asked if this was something that should have come before the Mayor and Council. The Interim City Manager replied that it should have.

The City Attorney added that the former City Manager was going to come to council and that the development agreement had not been signed. Under the sales contract, during the Due Diligence period the city and Konter were to negotiate. He stated that he did not realize that the former City Manager during his discussion had capped the fees at \$150,000 until he got the development agreement back. He did use the Building Inspector's figure of \$325,00 as a reference point and went with half of the assessment. He also added that the property is under contract from Charlie Roberts. The city can back out of the contract if it can't be agreed upon.

Councilmember Lassiter commented that he cannot see the city moving forward with the \$150,000.

Councilmember Morris, who came in later asked to be brought up to speed on the discussion for clarity and she was by the Interim City Manager who also mentioned that was a clause in the agreement stating that if we, Garden City defaults, we would owe Konter \$50,000 for their expenses.

The City Attorney commented that it would not be a default, but it would rather a "failure" to agree on the contract agreement because the contract has not been signed. We are not bound by any liability.

Per the Interim City Manager, there is revenue from the development of \$1.9 million eventually, with water, sewer, and LOST negotiations revenue in the future.

Most councilmembers agreed that they were open to some discount, but not at the \$150,00 that Scott has offered: Daniel – 241,807, Hall, Ruiz, and Tice – 391,000, Lassiter suggested at 20% discount at \$423,000.

Councilman Hall asked if there were any recommendations from staff and Robert suggested no discount at all and Konter to pay the full price. Katie Draeger, Finance Manager stated once the city gives whatever discount is agreed upon, there is a precedence set for the future.

Councilman Lassiter made stated that he did not think the Konter deal was fair to begin with as the other developers did not the opportunity to present their proposal. Jim stated that they were able to later; however, they also did not offer to purchase the property.

The mayor added that the developer in question also had a housing authority condition to their development proposal.

The City Attorney added to keep in mind that the property is not zoned for residential, so if this deal does not go through, future development could be industrial.

Georgia Bright Program: Sponsored by the City of Savannah's office of Sustainability, and Chatham County's office of Resilience. It is seeking assistance from other municipalities to waive the cost of solar permit fees to lower income families and seniors. The program seeks to discount ½ the cost for these residents.

Councilman Morris asked for clarification on what age is considered for seniors.

Axon Body and Vehicle Cameras: Resolution for the city to enter into lease/purchase agreement with Axon Enterprises. Chief Ballard has worked with the company to come up with 2 contracts. One contract for body cameras and one contract for car cameras. Prior to now the city has been "piece mealing" all contracts. Axon's business model is a 5year contract which locks in the price for five years. Chief Ballard is asking for permission to sign another contract to outfit the cars. It will allow for everything to be merged to one camera system which will be better for usage and training and is in the best interest of the city. It also helps with maintaining standards and transparency.

Councilman Lassiter asked if the contract was within the Police Department's budget. Per Chief Ballard, Some is within their budget, and the other would come out of ARPA funds. The Resolution was included.

2024 GDOT Local Maintenance Improvement Grant (LMIG): Garden City is set to receive a total of \$241,569.40 for 2024. There is a cash match of \$ 72,470.82 for a minimum cost of 341,040.72.

Councilman Lassiter stated that last year's projects were never completed. They did 6th St. and but not 3rd St. 1st street was not a part of the agreement but was to be added later.

Councilman Morris referenced the updated report on the pavement assessment. It was provided in the packet. The Interim City Manager asked to have all submissions by the next workshop of April 22nd.

Short Term Rentals and Bed & Breakfast Ordinance: a code to regulate the operation of short-term rentals and bed & breakfast within Garden City.

The Interim City Manager commented that she thought the City Attorney had done a good job and addressed most concerns within the ordinance.

Councilman Lassiter had an issue with the number of cars and not thinking it was fair to regulate for short term rentals and not homeowners. The City Attorney explained that a short term, or B&B is considered a "business" and not a residence, so it can be regulated. He did not include the consideration of a cap for the number of rentals within the city.

Councilman Tice added that she has an issue with the number of cars within her neighborhood. It makes it hard for emergency situations.

Councilman Ruiz believes that we should consider a cap to control the number within the city.

Councilman Tice has concerns about how many are currently registered in Garden City. Per the Finance Director, the city no longer receives the hotel/motel tax list so we're unable to know how many.

Councilman Hall has an issue with the idea of a cap as it would be balanced by neighborhoods.

Mayor Campbell does not have an issue with the rentals other than parking and property damage, or the disrespecting of residential property.

The City Attorney added that the short-term rentals and B&Bs are only allowed in RIN's, (Residential Institutional Neighborhood).

The Interim City Manager asked if short-term rentals and B&Bs along with LMIG should be on the next workshop agenda. Councilman Ruiz said yes.

Norfolk Southern: Parks and Recreation Director, Cliff Ducey has assisted with getting information on the Norfolk Southern walking trail railroad situation. He has spoken with Connor Poe on what to do with the areas that the railroad has been taken up. Norfolk Southern will not maintain, and we, Garden City are not allowed to cut or maintain the grass areas because it is owned by Norfolk Southern. They will lease to Garden City at a low price and upon a lease we will be able to do so. Garden City has asked for a contract for which the Parks and Rec Director will provide for review upon receipt.

Councilman Tice has some safety concerns as minors are riding ATVs along the railroad trails.

Per the Interim City Manager, there is a meeting tomorrow with Leon Davenport on the speed bump situation and the new gym.

Councilman Hall suggested that there be an ordinance for future EV charging stations to be allowed based on zoning.

Councilman Lassiter asked if there was any interest for the City Council to return to have Council Committees.

Councilman Tice did not agree with the idea and said that they did not work well in the past as it did not allow for all to be involved.

Councilman Daniel suggested that it would take away from the expertise and reliability of the Department Heads.

Parks and Recreation Director, Cliff Ducey reminded everyone of the Spring Cookout on Friday.

Councilman Hall reminded everyone of the Fire Department's Fire Engine Push Back is Thursday as well.

Adjournment: The meeting was adjourned at approximately 6:28 p.m.

RESOLUTION

WHEREAS, the Mayor and Council enacted a moratorium for a period of six (6) months at its September 18, 2023, meeting to bar the issuance of permits for new outdoor advertising or separate use signs within the city limits of Garden City, Georgia; and,

WHEREAS, the Mayor and Council enacted the moratorium in order to provide the City's planning staff and consultants an opportunity to review the City's Code of Ordinances relating to outdoor advertising or separate use signs and make any necessary revisions thereto; and,

WHEREAS, on February 19, 2024, the moratorium was extended until April 15, 2024, so that the Planning Commission as well as City Council could hold workshops and public forums on the proposed revisions to the City's sign ordinance as to outdoor advertising and separate use signs; and,

WHEREAS, the moratorium is set to expire and the City's Planning Commission has determined that an additional work shop is needed before it can competently vote on the proposed ordinance changes and make constructive recommendations thereon to City Council;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council, acting in its capacity as the governing authority of Garden City, that it does hereby extend the moratorium barring the issuance of permits for new outdoor advertising or separate use signs within the city limits of Garden City from **April 15, 2024 to June 3, 2024**, in order to allow the Planning Commission and City Council sufficient time to consider the proposed amendments to the City's Code of Ordinances relating to outdoor advertising or separate use signs. The moratorium may be shortened by action of Mayor and Council or by the passage of an ordinance establishing new regulations governing outdoor advertising or separate use signs, whichever first occurs. The extension shall not apply to nor affect the issuance of permits based on complete applications meeting the standards of the City's Code of Ordinances and submitted to the City prior to the effective date of the moratorium on September 18, 2023; nor shall it apply to or affect renovations or repairs to existing sign structures; nor shall it apply to or affect the replacement of sign panels on existing sign structures.

Except as provided herein, all zoning and development ordinances of the City shall remain in full force and effect.

Any person desiring to erect a new outdoor advertising or separate use sign in the City may make application under the standards of the existing ordinance and discuss the same with the City staff during the period of the moratorium provided such person recognizes that final approval of such sign shall only be given following expiration of the moratorium for signs in compliance with the Garden City Code of Ordinances as modified by any newly enacted regulations resulting from said moratorium.

All resolutions and ordinances, or portions thereof in conflict with the foregoing are hereby suspended, but not repealed, by virtue of this moratorium.

ADOPTED AND APPROVED this 15th day of April, 2024.

RHONDA FERRELL-BOWLES
Clerk of Council

RECEIVED AND APPROVED this 15th day of April, 2024.

BRUCE CAMPBELL, Mayor
